PURE WATER AGAIN IN A FEW DAYS

For Earlington, Will Come From
Slaughtersville Lake—Good
Like Our Own.

RIVER WATER WILL ONLY BE
HANDLED FOR A FEW DAYS.

Lake Dam Will Be Raised—Many Thous.
and Fish Rescued From Pools.

Earlington will be supplied in
her city water system with pure
water such as we have been ac-
customed to get from Loch Mary
within few days.

The drouth has been so long

sustained and severe that our own water supply in Loch Mary

has been depleted to the danger

point and beyond, while the

owners of the lake have held out

the helping hand to the Louisville and Nashville system and

have watered the locomotives

of this big road, hoping that any

day might bring an end to the

drouth with welcome rains. But

this hope is yet different and we

are yet dry. So that for some

days past the L. & N. has been

handing water for its own use

from Guthrie first and then from

Henderson. And now Earlinton

has to get relief in the same

way and the L. & N. water

wagon brings the town and

miles their water supply on

wheels. And it comes from the

low Ohio river temporarily. The

L. & N. are now not taking wa-

ter for any passenger trains at

at Earlinton except the inter-

urban.

Willard Cavaness has been at work for several days putting into operation a plan he devised for pumping water from the tank cars direct into the city mains. The pump and boiler are stationed on Railroad street near the postoffice and from there the city will be supplied. The coke oven supply, for washing slack, is still being used over and over, as for some weeks past.

Sept. Logsdon, of the L. & N. has perfected plans whereby water will be hauled from Slaughtersville to Earlinton within the next few days. This is pure water from the big L. & N. reservoir there, which now contains more than 50,000,000 gallons. The supply there was not much depleted by the drouth and there have been fine rains recently in the Slaughtersville country.

Mr. Jno. B. Atkinson, president of the St. Bernard Mining Co., said yesterday that he expected before long to raise the dam at Loch Mary so that the total capacity of the lake would be greatly increased.

There is still enough water in Loch Mary to swim the fish but they are thick as fleas.

Tuesday morning Brick Southworth, Henry Jones, Harry Brane and others scined the small pools in the lake bed and put the fish all in the main body of water. The number and variety of fish they rescued was remarkable. In one pool they seemed to find the whole pike family, large and small. And in all they took many thousands of fish of various sizes and put them where they will be safe except from their canibal neighbors in what no doubt now seems to them to be very close quarters.

We still hope for rain but every time that hope is expressed the barometer rises.

One Man Made Christmas Happier.
The suburbanites, riding back and forth on a cart in car line

that ran from a south end suburb to the center of our city, always met a cheery smile and hearty word from the motormen and conductors of the line. Particularly would the "regulars" wonder at the welcome given to a dignified business man who entered the car daily at a stop made near his home. The secret of the unusual deference paid him baffled us.

Coming up one Christmas day, just at one o'clock, when most of the suburbanites were seated at tables that groaned with good things, I saw this gentleman hail the car at his step, hand the motorman a big waiter, and with a hearty "Merry Christmas" turn back up the walk at his home.

The conductor moved forward, relieving the motorman, who sat down on the step and pushed aside a snowy napkin. Beneath this I saw, as I peered through the window, a large plate heaped with every imaginable Christmas goody—turkey and cranberries, vegetables and salad. Beside the plate stood a steaming cup of coffee and a smoking piece of plum pudding. It was all so appetizing that I grew hungry myself, and sympathized with the conductor, standing at the crunk, whistled and said:

"Hurry up, Bill. I get mine next trip. And Steeks and Jim said we were to get this car back an the-dot. They want their dinners, too."

Here was the answer. Every day, through cold and rain, as well as fair weather, these men served the banker. On Christmas Day it was his turn. And they never forgot—all through the long year.—Circle Magazine.

NO SPECIAL SESSION UNLESS EMERGENCY ARISES

Governor Puts at Rest Rumors Concerning
the Calling of an Extra Session.

Frankfort, Ky., Dec. 12.—Gov. Willson tonight put at rest all rumors concerning the calling of an extra session of the Legislature, coming out in a positive statement that he would not convene that body except in the event of pressing emergency. He said:

"I will not call the General Assembly together to consider the county unit bill, nor any subject of legislation generally considered at regular sessions, but only for emergency matters. If any emergency, provided the power to call special sessions is given, should arise making a special session necessary, I will then decide what subjects, if any, shall be considered besides the emergency subjects."

It is believed that the Governor's declaration was prompted by the publication of an article which indicated that petitions were being drafted calling upon the executive to call the Legislature for the purpose of passing the county unit bill, and that it is his desire to spare prospective petitioners this trouble. The Governor said further tonight that he did not consider the county unit bill an emergency matter, but one of the character that is usually and properly considered by the regular session.

Weight of Hat Caused a Woman to Faint.

Munich, Dec. 12.—A fashionable woman wearing a "Merry Widow" hat three feet in diameter, fainted in the street and was carried into shop, where she recovered when the hat was removed. The doctor, who had been summoned, said the swoon was entirely attributable to the enormous weight of the hat.

The other officers chosen were as follows:

SOUTHERN INDUS- TRIAL CONGRESS

Permanent Organization Effect-
ed—Talk of Building Per-
manent Home.

John B. Atkinson Elected Vice President
for State of Kentucky.

The Washington Post, reporting the proceedings of the Southern Commercial Congress, which was held at Washington last week has this to say about the permanent organization of that body and certain important subjects covered by resolutions:

"A constitution and bylaws were adopted, and officers elected, John M. Parker, of New Orleans, being chosen president.

The constitution provides for an active and an honorary membership, the President of the United States, the Vice-President, the Speaker of the House of Representatives, and the State vice-presidents of the organizations being in the latter class.

Among the resolutions adopted, one of the most important was that in regard to needed railroad extension in the South.

The resolution was as follows: "Railroad construction has been extensive, but the rapid commercial growth of the South requires an enormous increase in its railroad facilities to transport to market its many and varied products.

The construction of such adequate facilities can be accomplished only by assuring the holders of capital that such enterprise will be safeguarded by conservative and constructive legislation, and we urge upon our Southern legislators the wisdom of such policy and condemn any legislation leading to the contrary.

"We favor a spirit of co-operation between the people and railroads and other corporate interests, to the end that the required confidence of investors may be established in the securities of the corporation of the South."

Decrees for Waterways.

Another resolution adopted urged upon Congress "immediate action for the practical development and improvement of our inland waterways and harbors upon a broad and comprehensive plan."

The establishment of the proposed Appalachian and White Mountain national forest reserve was declared in another resolution to be "of paramount importance to the nation." Vice-President Ruge was instructed to head a delegation to call upon Congress today to urge the immediate passage of such legislation.

Other resolutions favored good roads, a larger merchant marine, and comprehensive revision of the "obsolete regulations and laws governing our merchant marine," conservation of our national resources, "adequate development of Southern waterways and harbors," further extension of industrial training in the public schools, the establishment generally of industrial and agricultural schools and the systematic study of public affairs by commercial bodies as well as by individual citizens.

The Officers Elected.

First Vice-President, John G. Rose, Apalachicola, Fla.; managing director, G. Grosvenor

Dawe, Montgomery, Ala.; secretary, Edwin L. Quarles, Petersburg, Va.; treasurer, John A. Bezeman, Albany, Ga.; and State vice presidents as follows: T. P. Glass, Alabama; C. R. Breckenridge, Arkansas; John G. Christopher, Florida; T. S. Raworth, Georgia; J. B. Atkinson, Kentucky; Philip Werlein, Louisiana; Charles Scott, Mississippi; A. E. Tate, North Carolina; John W. Foxon, Tennessee; M. Locker, Texas; William Anderson, Virginia; A. K. Thom, West Virginia, and Geo. W. Simmons, Missouri.

There is on foot a movement to establish for the Southern Industrial Congress permanent headquarters at Washington and to erect a building for use as its home at a cost of several hundred thousand dollars.

Books That Every Child Should Have.

Almost every moral child sooner or later takes strange fancies to books that would seem far to old for him, and such fancies deserve to be encouraged, for what is missed in the meaning of the noble promise or poetry will be made up later, while these first impressions and enthusiasms of childhood are never quite effaced, says Frederick Taber Cooper in "The Reading Circle" of the December Circle Magazine.

Accordingly in selecting a list of books for children I shall begin with the oldest and best tested of all children's stories, the tales and fairy tales that have come down from time immemorial, and passed on from one race and nation to another.

The list of books which Dr. Cooper recommends for children under twelve is as follows:

The Arabian Nights.

Lewis Carroll's "Alice's Adventures in Woodland" and "Through the Looking-Glass.

Rudyard Kipling's "Just So Stories" and the "Jungle Books" I. and II.

The Wonder Book, by Hawthorne.

Water babies by Charles Kingsley.

Robinson Crusoe.

Swiss Family Robinson.

Jules Verne's "Twenty Thousand Leagues Under the Sea," "The Mysterious Island," "A Journey to the Center of the Earth."

Leila, or the Island.

Little Lord Fauntleroy, by Francis Hodgson Burnett.

Hans Brinker and the Silver Skates, by Mary Mapes Dodge.

Louise M. Alcott's "Little Women," "Little Men," "Eight Cousins" and its sequel, "Rose in Bloom."

Lamb's "Tales from Shakespeare."

Dickens' "Christmas Tales."

Irving's "Rip Van Winkle."

Wild Animals I Have Known, by Ernest Seton Thompson.

"NIGHT RIDERS" CASE OPENS.

Eight Alleged Leader in Tennessee Crime
on Trial—State Prepared to
Suppress Trouble.

Union City, Tenn., Dec. 14.—Eight men, alleged leaders of the "night rider" band of Reelfoot Lake, were placed on trial today charged with the murder of Captain Quentin Rankin, a prominent attorney of Trenton. Judge Joseph E. Jones presides at the trial. From Reelfoot Lake and other places men are pouring into Union City. The State has organized its forces determined to put down any outbreak.

FARMERS IN OPEN REVOLT

Against the Tobacco Planters'
Association.

THE MEETING AGAINST RESOLUTION.

Hopkinsville, Ky., Dec. 15.—In open revolt against the Planters' Protective Association, a large number of Christian County farmers, mainly from the northern portion, met at the court-house here yesterday afternoon and organized the Farmers' Mutual Tobacco Association with a view to operating here under the loose sale system. The court-house was crowded with people, many standing in the aisles, when the meeting was called to order. Squire B. F. Fuller was Chairman and Ben Wood, Secretary.

Former Sheriff Davis introduced the resolutions. Ex-Congressman John D. Clardy opposed the adoption of the resolutions. Some of the clauses were good, he said, but the farmers should lay their grievances before the officials of the Association and seek an adjustment of differences. The hope of the farmers lay in the maintenance of one organization, presenting one seller to the one buyer.

He praised the association for having secured reasonable prices for tobacco and deprecated the effort to form a new society. Hon. John Feland advocated loose sales, and advised the farmers to sell their tobacco without regard to association and asserted that the Crecelius bill was unconstitutional.

He pictured the want and beggary of farmers under the association's regime. Benton Brown, postmaster at Crofton, and Seth Myers spoke in favor of the resolutions, which were adopted as follows without a dissenting vote:

"We, the farmers of Christian County, Ky., in mass-meeting assembled, hereby bind ourselves together into an association for our mutual welfare. We have found it necessary to form this organization because the welfare of the individual farmer was not considered of any consequence by the Dark Tobacco Protective Association, and the appeals which have been sent to the highly-paid officers of that organization, which rested upon the sufferings of our families and our children, were unheeded by Mr. Ewing and the Executive Committee of the association.

"In the first instance, we believe that the farmer has a right to discuss his welfare and his interest without Night Riders prowling around to threaten and intimidate, because the farmer simply wishes to control or at least have a voice in the management of his own tobacco crop; and it is hereby resolved,

"That the Chairman of this meeting is instructed to appoint a committee of three farmers to have prepared the necessary pledges, to be signed by all who wish to join our organization, which is to be operated and conducted under the loose sale system, and said committee is authorized and empowered to make such arrangements as are necessary for the opening up of a loose sale in the City of Hopkinsville, Ky., and at such other places in Christian County as they might wish, and if the people of Hopkinsville are afraid to engage in legitimate business and to stand by the farmers in their need and refuse to open up a loose sale in their city, why

then, said committee is instructed to make necessary arrangements for the sale of said tobacco at Paducah, or Louisville, or such other places as may be accessible.

"Bo it further resolved, That we are men, and we propose to attend to our own business and in our meetings in Christian County we do not propose or intend to submit to any further interference from these high-salaried people who are speaking for their salaries and their graft and not on account of any love they entertain for the farmers who recognize the fact that they are pickling your pocket while they are smiling in your face.

"Resolved, further, That we call upon the Planter's Protective Association for the distribution of the \$57,000 in cash they now have on hand a part of which belongs to us.

"Resolved, further, That we petition Mr. Ewing to explain fully the relationship of the farmers' organization and of the incorporation, and also the amount of money each has on hand.

Resolved, further, That while this organization is for our mutual welfare and protection, yet we recognize the fact that other people besides the farmers have rights of citizenship, and before man we here state that we wish merely to receive what is right and proper for our crops, and before we will burn and murder and assassinate we think it proper to quit the raising of tobacco.

Resolved, further, That the name of this association shall be the Farmers' Mutual Tobacco Association, and its officers shall consist of a President, Vice-President and a Secretary and Treasurer, which last named office shall be occupied by some banker under bond, and none of whom shall receive any salary for their services.

"Resolved, further, That other counties of this tobacco district shall be invited to co-operate with us, but it shall be understood that each county shall constitute a unit and the farmers of one county cannot control the operations of another county, except the primary object shall be the mutual betterment of the conditions of farm life."

LOOKING FOR OIL AND MINERALS.

Chicago Prospectors Drilling in Southern Kentucky Near State Line.

Glasgow, Ky., Dec. 18.—Chicago capitalists are leasing land along the Kentucky and Tennessee borders with a view of drilling for oil and making a test for other minerals. At present they are leasing in the section near Red Boiling Springs and will probably carry the work over into Monroe County Ky. They have ample evidence of the existence of oil and minerals to justify operation, and as soon as a sufficient number of leases can be secured and machinery gotten on the ground they will begin work.

AUDITOR SETTLES BOOE'S SHORTAGE.

Mr. James Pays State Amount Lost During His Term of Office.

Frankfort, Ky., Dec. 12.—State Auditor James today settled in full the shortage incurred by Judge Booé since the first of last January, when James went into office. The amount was \$2,017 and Mr. James expects to reimburse him self out of the property of Judge Booé that has been levied on.

Local Happenings

Remember "The College Widow," the home talent play by the Elks at Morton's Theatre Dec. 25.

Diamond brooches, lavalier chains in fact you can find anything you want here.

TAPPAN, The Jeweler.

The iron girders for the bridge, on the other side of the stable, have been hauled and work will soon commence.

M. B. Long, at a great expense has presented his customers with one of the prettiest calendars ever seen in the city.

Wat Hardin Sisk has purchased a moving picture machine and will on the 27th commence to give exhibitions with the same.

Henry Rogers and Tom Veazy spent Saturday in the Slaughterhouse country bird hunting. They killed over forty birds.

Hardin Tweedle has accepted a position as foreman of the Victoria mine and will move his family to Madisonville next week.

Barnes, Coward & Co. have one of the prettiest windows seen in Earlington in a long time. Their window dresser has an artistic eye.

W. S. McGary, manager of the Earlington Polo team, will take his boys to Paducah next week for a match game with the team of that city.

Harry Brane is now feeding the fish in the lake. He goes out every day with about 50 loaves of bread and meat ground up fine, the water is so low that this has to be done.

Geo. E. Lynn, a former prominent business man of Madisonville, is now in the real estate business in Jacksonville, Fla., having purchased a half interest in a large firm in that city.

J. M. Burden left last week for Decker, Ind., where he goes to fill the pulpit in that city in the Baptist church. Mr. Burden has moved his place of residence to the west side of town.

Thos. Mullen, who has been working at Circle City for the past month, came to the city Sunday to make arrangement to move his family to that city. He reports the mines running full time.

Geo. Wright, of Gorman Texas, will arrive in the city Monday to visit his uncle, D. B. Griffin. Mr. Wright writes as if he would like to go in business in the city if a suitable opening can be found.

There is nothing more valuable than diamonds except money. Why not give a diamond for a Xmas present? I have them from \$25 to \$45, and larger ones at any price.

TAPPAN, The Jeweler.

The Ladies' Aid Society of the M. C. Church, South, will today open up a bazaar in the vacant store room in the Victory building. They will sell all kinds of cakes, candles, ketchups, also hand made articles suitable for Christmas presents for your friends. This is for a worthy cause and we hope they will be well patronized.

We understand that there are several applicants for the position of City Judge, soon to be made vacant by the appointment of Judge Cowell as postmaster, before the council for recommendation to the Governor who appoints some one on the recommendation of the council until the next regular election in November, 1908.

Henry Rogers, one of our popular citizens, will soon open up a first class restaurant in the building formerly used as a barber shop next to People's Bank. Mr. Rogers will have the room thoroughly overhauled, a nice kitchen built in the rear, and have all the furniture and fixtures of a city place. He is a class business man and has friends in the city who will back him in his new venture.

Friendship, love, righteousness, devotion, truth, benevolence and honor will be found to abide abundantly on second and fourth Friday nights in each month Ben Hur's. Come out.

There is a rumor afloat that people of here and vicinity will have the pleasure of witnessing another good Minstrel put up by home talent in the near future. We believe in you boys, let's have it.

The dance given by the young men at the rink Friday night was one of the nicest affairs of the season. A large crowd tripped the light fantastic toe until a late hour. Good music was a special feature of the evening.

Geo. Sharp, who for years has been an employee of the St. Bernard Mining Company, has purchased a farm in the Frostburg country, and has moved his family there, and will in the future be a horny-handed son of toil. We wish him success.

Judging from the sounds that are coming from different and remote directions it seems as in a short while (if improvement continues) the citizens of Earlington will have the pleasure of listening to a series of Band Concerts rendered in a la Sousa-Creatore style and manner by our own Klub Kentuck Band.

The people of Earlington are cautioned against drinking the hydrant water as it is mixed with Ohio river water and should be boiled before using. It is better to get your drinking water at the well near the lake, as it is absolutely pure and fresh.

If you wish to avoid sickness you had better heed the warning of the city board of health.

Remember, you have to present your coupons at Tappan's on Xmas day at 10 o'clock sharp, otherwise they will be no good. If the person holding the corresponding number to the first one drawn is not in the house at that time we will continue to draw until some one present has the corresponding number. Remember, be on time.

TAPPAN, The Jeweler.

W. D. Caviness and crew of men are now busy laying pipes in front of the postoffice and a small stationary engine will be put there near the railroad track so they can pump the water that will be used by the city from the tank cars as they are brought from Henderson. Understand, this water is not to be used for drinking purposes unless boiled, for it is very unhealthy and if not boiled will probably bring about sickness.

versities and colleges, and, naturally, they speak English fluently. The special object of Excellency Yang Shao Yi's mission is to convey the expressions of deep gratitude from the imperial government and the personal thanks of the Chinese emperor and his mother, the dowager empress, for America's action in remitting and exempting from payment the unearned portion of the Boxer fines.

Tang Shao Yi is not only one of the most eminent of the younger school of Chinese statesmen and one of the most successful and modern of China's executive officials, but he is thoroughly imbued with western ideas, an educator and a reformer. He was the protege and is now the intimate friend of the great Viceroy Yuan-Shai-Ki, and he is classed as an astute politician and leader.

Mrs. Cecilia Dunlap who has been very sick for a long time, passed into the silent beyond. For years she has been a prominent figure in everything for the advancement of all concerned. Mrs. Eliza Mason read a set of resolutions on behalf of Eastern Star Lodge, of which she was a member. Mrs. Itoe Garrett read resolutions on behalf of the A. M. E. on church. The sermon was preached by Rev. T. O. Stoner, Interment in city cemetery.

There will be many concerts and entertainments Xmas week. We think church services, and public meetings along moral and educational lines would be more in order. Earlinton puts too much stress on concerts of the kind generally given. They do not show progress or intellect, the only aim is to get money. The constant call for children to be out at night at late hours practicing and performing, has a tendency to introduce night rambling. Let us parents pay for our churches, halls and fixtures and let the children spend the evening at home with their studies.

MINING NOTES.

Overproduction in Coal.
(Chicago Evening Post.)

The failure of cold weather to make any appreciable change in the coal situation has forced home the conclusion that another cause than protracted spells of mild weather has been responsible for weakness in both the bituminous and anthracite markets, the former evidenced in low quotations and the latter in shading.

Overproduction is one of the most conspicuous agents making for unsatisfactory conditions, and the opinion is expressed that in former years the strength of the coal market was due largely to the annual shortage. Inability to ship acted as a check on production. With this counter agent removed, the operators have been putting out more coal than the market would stand up under.

Vast as are the coal consumptive powers of this country, the combined mine capacity is declared much larger. The shafts of Indiana and Illinois alone, it is held, would be sufficient to supply the normal demands of all the western market. With the addition of the eastern product, weakness resulted.

Of course there has been and still is a national tendency toward economy. Even in the agricultural sections, where the business reversal of past months was little more than hearsay, inclination is to make one stove glow where two radiated heat before.

Plenty of coal is being consumed in Chicago, and in other cities the demand is good. The flat building acts as a means of regulating trade. It now cuts a pretty big figure, and as a general principle about so much coal is burned every year. Certainly this winter is not much below average for the flat building trade.

The steam trade is not where it usually is at this time and that has borne part of the blame for conditions of weakness. Then in turn it was thought that the small dealers, who oversupplied last winter, were taking a different course now.

Everything considered, the small dealer seems to be replenishing his bins about as promptly as he ever does. The consumption of coal in the aggregate is not so much below former years. The striking difference lies in the fact that cars for trans-shipment of coal have been available as needed, there has been no consequent race to place orders far in advance of visible needs, and with the large number of mines at work there has been no generous an output.

Conditions have improved slightly this week. Retail trade has increased with every dip of the thermometer. The talk of possible labor difficulties in the anthracite fields in the spring has had little influence, though quotations are fairly stable now.

WARM AND DRY TO STAY WELL.

Noted Authority Gives a Simple Prescription.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that rheumatism and kidney trouble weather is here and also tells what to do in case of an attack.

Get from any prescription pharmacy one-half ounce Fluid Extract Dandellen, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys filtered out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

COMMITTEE IS SHORT \$5,000.

Mack, Bryan and Leaders to Have a Conference.

New York, Dec. 11.—Instead of winding up its affairs with a surplus, as was at first reported, the Democratic National committee faces a deficit of \$5,000 or \$6,000, according to a statement made Thursday by John R. Burton, assistant secretary of the committee.

Norman E. Mack, chairman of the committee, will pass through New York Friday or Saturday on his way to Washington, where he will meet Mr. Bryan at the Gridiron dinner. Mr. Bryan will return to New York with Mr. Mack and a conference of leaders will be held here.

It is pointed out that the Chicago

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent of catarrhal cases; whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhea), bladder, uterus or other pelvic organs. It is a curative of nervous diseases of the abdomen. It is often successful in a febrile case.

The "Favorite Prescription" is advised for the cure of one class of cases—those caused by chronic debility, nervousness, debility, etc., and is a powerful restorative, acting tonic and nervine. For weak women, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-sweetened and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

VICTIMS STILL IN MINE.

Rend Rescuers Believe They Are Near Spot Where Three Are Lying.

Benton, Ill., Dec. 14.—The three men entombed by the explosion of Saturday in the Rend mine have not been reached by rescuers, but it is thought the diggers have almost reached the spot where they lay dead or dying.

One theory advanced as to the cause of the disaster is that a part of the mine was sealed off after the explosion of November 5 in order to stop the fire. This was filled with gas and the shot was possibly the cause of igniting this large amount of gas.

John McManahan, one of the doomed men, is from Herrin. He was a fire boss, but was temporarily assisting in shotfiring. William Murphy is from Virden and Chas. Denahue is from Pennsylvania.

KANSAS CITY MERCHANT SHOT

Joseph T. Bird Gets Load of Bird Shot in His Face.

Belvidere, Kas., Dec. 12.—Joseph T. Bird, vice-president and general manager of the Emery, Bird, Thayer Dry Goods company, in Kansas City accompanied Frank Rockefeller, John D. Rockefeller's brother, quail hunting on Mr. Rockefeller's ranch at this place last week.

A covey of birds rose between the two and both men fired at them. Several small shot from Mr. Rockefeller's gun entered Mr. Bird's face. A brace of the birds fell wounded. At the same time Mr. Bird went to the ranch house, where the shot were picked out of the flesh and the wounds treated. His wounds were not severe.

Rockefeller to Educate Orientals.

Chicago, Dec. 12.—According to a professor of the University of Chicago, John D. Rockefeller will devote \$50,000,000 to the promotion of education in the oriental nations. The professor says Mr. Rockefeller first will await the reports of Professor Ernest Burton and Professor Thomas C. Chamberlain, who have been commissioned to investigate conditions in the orient. Professor Burton is now in Indiana, and Professor Chamberlain and his son Rollin will start for China next month.

Answered "Lost Relative," Ada.

Columbus, Ohio, Dec. 12.—Fred Schaeffer, arrested here on complaint of Mrs. Elizabeth Andrews of Wheeling, W. Va., that he had sought to defraud her by representing he had found her lost son, for whom she had advertised, was given a five months jail sentence Friday by United States Judge Sater, for misusing the mails. Schaeffer admitted having written a number of such letters in response to advertisements concerning missing persons.

Senator Hansbrough Worse.

Minneapolis, Minn., Dec. 12.—Senator Hansbrough, who became ill in Minneapolis some days ago while on his way to Washington, and has been confined to his room at the Nicollet hotel, was worse Friday. At noon it was decided to take him at once to Asbury hospital for treatment and his condition Friday night did not show any change for the better.

Henry to Speak in East.

Washington, Dec. 12.—President Roosevelt has received word that Francis J. Heney, the San Francisco "graft" prosecutor will be able to come east in January and keep engagements to make speeches before reform clubs in a large number of cities between San Francisco and New York. Mr. Heney will also confer with the president.

To Burned to Death.

Chicago, Dec. 12.—Two persons were burned to death and several others were injured by jumping out of windows during a fire at 1824 Prairie avenue Friday night. The dead are: Mrs. Elizabeth Carr and her one-year-old son.

Hayti Has Quieted Down.

Washington, Dec. 15.—Affairs in Hayti have quieted down. American naval representation with the exception of one vessel will be withdrawn from the waters of that country. The remaining vessels will go to Guantanamo for target practice.

NEITHER TURKEY NOR QUAIL.

Nevertheless This Thanksgiving Dinner Was a Remarkable One.

"I reckon that my epicurean tendencies are as well developed as those of most men," said an old newspaper man to a group which was discussing things gastronomic, "and I have quite a taste for the elegant in the edible line, so to speak. But of all the meats I ever partook of the one that stands pre-eminent in my experience was my Thanksgiving dinner in 1888. Some time previously I had started from Memphis with an artist on a commission from a Memphis paper to write up the educational institutions of Mississippi, and during Thanksgiving week was at Columbus, in Lowndes county. I was invited by a friend to go quail shooting Thanksgiving day, and gladly accepted. By daybreak we were on our way to the sparsely settled country down the Tombigbee river in a light wagon that not only carried us and our dogs and a dark boy driver, but a basket filled with eatables and drinkables.

"We followed the dogs, which were duly diligent, but not a covey did we find. Reaching the rendezvous made with that chuckie-headed darky, we didn't find him or wagon, either. My friend had killed a rabbit a short time previously, and we were discussing the propriety of building a fire and barbecuing the bunny, when we noticed smoke curling out of a hollow near by. Investigation discovered that it came from a negro cabin, and when we reached it a big, fat, obsequious, smiling mammy, with a bandanna around her head, stood in the doorway. Well, she cooked that rabbit for us and made us some ash-cakes and fried us some big hominy left over from breakfast and made us a cup of coffee. Talk about your Thanksgiving dinners. I have eaten my share, but that meal stands out preeminently in my memory as the finest ever."

New Oliver No. 5

Sets Swiftest Pace Ever

Known in Typewriter Selling.

The wonderful new model, Oliver No. 5, has taken the market by storm.

Its reception by the public has exceeded in enthusiasm anything we had dared to anticipate.

Employers and stenographers alike have welcomed it as the one machine that answers the innumerable need of the hour.

The cry is for Speed! Speed! Speed!—and the Oliver responds.

The demand for Durability is filled by the sturdy, steel-clad Oliver.

To a call for a writing machine that will do many things and do each of them equally well, the Oliver answers with its unexampled versatility.

—Its visible writing saves the strain on eye and brain.

—Its legibility lends beauty to its work. The letters that bear the Oliver imprint are the letters that seem to speak.

Oliver No. 5 fairly bristles with new and exclusive time-saving features. We have space to mention only a few of the more important ones.

—Disappearing Indicator shows exact printing point.

—Balance Shifting Mechanism saves operative effort.

—Line Ruling Device is due for patented work.

—Double Release doubles convenience.

—Non-Vibrating Base insures stability. Yet with all of those added improvements, we have still further simplified the Oliver-by-fusing braids with metal.

Oliver No. 5 is a dream come true—the dream of Thomas Oliver crystallized into this wonderful mechanism of shining steel that embodies every possible requirement of a perfect writing machine.

Ask the nearest Oliver agent for a Free Demonstration of Oliver No. 5. Or send for The Oliver Book—yours for a post.

Rheumatism

I have found a tried and tested cure for Rheumatism. No remedy that will straighten the distorted limbs of chronic cripples, nor turn bone to flesh, nor bring back health. That is impossible, but I can now surely kill the pain and pangs of this deplorable disease.

In Germany—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made. This is a secret preparation. Without this last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. These sand-like granules were found in Rheumatic Blood, and to dissolve this mass of granules, I dissolved it as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes safely pass from the system, and the cause of Rheumatism is gone forever. There is now no real hope—no actual excuse to suffer longer with our help. We sell, and in confidence recommend

Derivation of "Sheeny."

The word "Sheeny," as applied in an opprobrious way to Jews, is by some identified with the word "Chien," which is French for "dog." But others identify this word with "Shien," the initial letter in "Shekinah," which makes the original application of the term an honorable one.

What's

Worth doing is worth doing well. If you wish to be cured of Rheumatism use Ballard's Snow-Linenment and you will be "well cured." A positive cure for sprains, Neuralgia, Bruises, Contracted Muscles and all the ills that flesh is heir to, A. G. M. New York's Hotel Population. New York city business men who are careful observers say that the hotel population of the city is the greatest money spender and that the average of that population is about 200,000, while in the time of great business activity it closely approaches 300,000.

Saw Out of Sight of the Sea. The Eskimo women of Alaska never saw while the men are fishing, and should any mending be imperative they do it shut up in little tents out of sight of the sea.

Children's

favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slim in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surratt, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 72 worms.

EXPLOSION IN CANAL ZONE

TWENTY-ONE TONS OF POWDER BLOW UP; FOURTEEN ARE KNOWN TO BE DEAD.

THREE AMERICANS KILLED

Was Most Serious Accident in Connection With Building of Panama Canal Since United States Took Charge.

Washington, Dec. 14.—Fourteen are known to be dead, three of them Americans and fifty injured, as a result of the premature explosion of twenty-one tons of dynamite at Bas Obispo in the Panama Canal zone Sunday, according to an official dispatch received Sunday from Chief Engineer Goethals.

The message follows: "The premature explosion of twenty-one tons of dynamite at Bas Obispo at 11:10 this morning resulted in the death of fourteen men and the injury of fifty. Three or four of the injured will probably die."

Following Americans killed: James L. Hummer, ironman, steam shovel, Dunellen, N. J.; John J. Korp, steam-shovel engineer, Phillipsburg, N. J.; John J. Reidy, Powderman, Indiana-polls, Ind.

Seriously injured: Benjamin H. Cole, foreman, Rochester, N. Y. Slightly wounded: Arthur H. Bassett, foreman, Philadelphia, Pa.; W. G. Bell, foreman, New York City; C. W. Hayden, steam shovel engineer, Sandusky, Ohio.

CASTRO LEAVES FRANCE.

States in Interview That He Would Settle Differences.

Paris, Dec. 14.—President Castro of Venezuela and his party left here Sunday for Cologne, where a consultation of physicians will be held to determine upon the advisability of an operation on the president. If an operation is found necessary Dr. Israel probably will perform it at Berlin.

Castro kept himself closely confined to his hotel here, refusing to give out any statement to newspaper men, except through some member of his suite. On the train Sunday, however, he accorded an interview to a representative of the Temps, saying

that as he was leaving France he felt liberty to receive a journalist. The interview, while guarded, fully confirms the representations made by Castro at Santander to the effect that he wanted to settle Venezuela's diplomatic differences and, so far as France is concerned, had already made the first steps in that direction. He said, however, that everything for the moment must be subordinated to the restoration of his health.

To Renew Birth War.

Chicago, Dec. 12.—The Interstate commerce commission it was announced Friday, has decided to resume the investigation into the reasonableness of some of the rates charged by the Pullman company. The complaint, an old one, made by George S. Loftus, of St. Paul. Commissioner Lane will begin the hearing here next Monday. As originally drawn the complaint holds that less should be charged for an upper berth than for a lower.

Wanted to See Pope.

Rome, Dec. 11.—A foreigner believed to be a German-American tried to force an entry Thursday into the Vatican, although refused an audience by the major domo. He was ejected after a scuffle with the papal guard d'armes and declined to give an account of himself to the Italian police to whom he was handed over.

HAINS JURY FILLED

TWELVE MEN HAVE BEEN SELECTED TO TRY AUTHOR.

117 TALESMENT WERE EXAMINED

Tragedy Will Be Reproduced In Miniature in the Court to Illustrate Actions.

Flushing, L. I., Dec. 16.—A Jury of twelve men has been selected to try Thornton J. Hains, a story writer as a principal in the killing of William E. Aarons, a publisher, who was shot to death by Captain Peter C. Hains at the Bayside Yacht club last summer, and Wednesday the state will present its case against the author.

One hundred and seventeen talen-men were examined before the jury box was filled. Thornton Hains expressed himself as pleased with the make up of the men who would pass upon the evidence in the case.

The prosecution's case will be presented by District Attorney Darrin and its expected that the examination of witnesses by both sides will consume at least two or three days.

A feature of the trial will be a tank of water and a model boat and cat-boats in miniature replica of the scene of the shooting which will be placed on a table in front of the witness stand.

From manikins representing the principals in the affair will be moved about in this marine theater to illustrate actions and positions taken in the tragedy by Hains and the witnesses.

DUTCH TAKE VENEZUELAN SHIP.

Two of Castro's Vessels Are Held at Willemstad.

Willemstad, Dec. 16.—The Dutch battleship Jacob Van Heemskerk arrived in the harbor at 8 o'clock Tuesday morning, towing as a prize the Venezuelan coast guard vessel 23 de Mayo.

Word of the capture had already been received here and a great throng of people lined the quays to witness the entrance of the Dutch battleship conducting her capture up the harbor. This makes two vessels that the Dutch now hold.

The flag of the Netherlands had been hoisted to the peak of the captured Venezuelan coast guard ship, and astern of the Dutch flag floated the Venezuelan colors.

The capture of the 23 de Mayo was effected Sunday. The Venezuelan crew, which had been in charge of the 23 de Mayo, was sent ashore in the boats of the captured vessels.

The 23 de Mayo, while classed as a coast guard vessel, in a unit of the Venezuelan navy, but her size and strength are insignificant. She is of 130 tons and is armed with one machine gun.

No Evidence Against Zealots.

Kansas City, Mo., Dec. 16.—Mrs. Delta Pratt and William Engell, members of a band of religious fanatics led by James Sharp, who on last Tuesday engaged in a battle with the police of this city, were discharged Tuesday by Justice Theodore Renley who decided that the state had not produced sufficient evidence to hold them on the charge of murdering Patrolman Daibow. James Sharp and his wife have been bound over to the criminal court for trial on the same charge.

Rev. Kunkleman Dead.

Greenville, Pa., Dec. 16.—The Rev. Dr. John A. Kunkleman, a prominent Lutheran minister, died here Tuesday after 52 years of active service in the ministry. He successively held pastorates in Indianapolis, Philadelphia, Nebraska City, Neb., Fort Wayne, Ind., and New York City. While on Philadelphia he drafted the plea that brought about the closing of the centennial exhibition on Sunday. He also served as president of Carthage College, Carthage, Ill.

Missouri Slayers Get Life Sentences. Jefferson City, Mo., Dec. 16.—The supreme court of Missouri Tuesday affirmed the sentences of John Wooley of Buchanan county and Robert Bassman of Johnson county and sentenced them to life terms in the state penitentiary. The greatest depth determined by the Challenger soundings, which was that of a limited depression about a hundred miles to the north of St. Thomas, was 3,875 fathoms, or about 4½ miles. NEXT GERMAN AMBASSADOR

Kaiser Selects Count Von Bernstorff for Washington Post.

Berlin.—Count Johann Heinrich von Bernstorff, who recently had represented the German government in Egypt, has been selected by Emperor William to succeed the late Baron Speck von Sternburg as ambassador to America. Countess von Bernstorff is a daughter of Edward Luckenmeier of New York.

Count von Bernstorff was assigned lately to Egypt. He was first diplomatic agent and consul general at

Count Von Bernstorff.

Calro, but was raised to the rank of minister plenipotentiary early in 1908. He is the fourth son of Count Albrecht von Bernstorff, who was a distinguished contemporary of Bismarck and he was born in London in 1862 while his father was German ambassador to the court of St. James.

The new ambassador began his diplomatic career in 1899, when he was made attaché at Constantinople. From Turkey he was transferred to the foreign office in Berlin, after which he advanced from one grade to another, serving in Belgrade, Dresden, St. Petersburg and Munich. He was counselor of the embassy and first secretary in London in 1902.

While in England the count came especially under the notice of Emperor William as a result of his work in ameliorating the existing bad feeling against Germany. He drew up a series of lucid and comprehensive dispatches on the situation.

After four years' service in London he was sent to Cairo. In the German diplomatic service this post is regarded as a stepping stone towards advancement.

Count Ernst von Bernstorff, the founder of the collateral branch of the family, also had an American wife. He was married in 1801 to Amerika Riedesel, Baroness zu Eisenbach, who was born in New York in 1780.

The new ambassador to the United States is a man above middle height, of slight figure, and wears a blond mustache. His knowledge of English is well-nigh perfect and he is known as a successful after-dinner speaker and to be a witty conversationalist.

NEGRO SOLDIERS GUILTY

PRESIDENT SENDS SPECIAL MESSAGE TO CONGRESS ON BROWNSVILLE AFFAIR.

ELEVEN MEN ARE ACCUSED

Roosevelt Favors Reinstatement as Fast as They Can Prove Them—Guilty Innocent—Detective Got Confession.

Washington, Dec. 15.—President Roosevelt gave congress another hard jolt Monday by sending it a special message accompanying the confession of one of the negro soldiers in the Brownsburg riot. The soldier says that he was one of the leaders of the riot and names 10 others who were with him. For two years the silence of the negro soldiers has baffled the government in its effort to identify the rioters.

Senator Foraker, champion of the negro soldiers, had announced that he would reopen the Brownsburg case in the senate Wednesday. The report accompanying it quotes a letter from Senator Foraker to the negro who confessed the charges that this letter and similar influences thwarted efforts to get the truth from the soldiers.

The message itself contains only about 600 words. After mentioning the accompanying reports by Herbert J. Brown and Capt. W. G. Baldwin, a detective of their investigation of the Brownsburg case, the president says it is evident that most of the soldiers of Company B, Twenty-fifth Infantry, were actively concerned in the shooting and that practically every man in Companies C and D had knowledge of the shooting.

The act of these men in concealing the guilty, the president says, was a great offense, but he believes they were cowed by the threats of the more desperate rioters.

Moreover, there are circumstances tending to show that these misguided men were encouraged by outsiders to persist in their course of concealment and denial, the president adds.

Wants Soldiers Reinstated. The president recommends the pass-

age of an act authorizing the secretary of war to reinstate any of the soldiers he finds innocent after an examination provided they add by telling all they know to convict the guilty.

He thinks the length of time they have been out of service and the loss of benefits from continuous service is sufficient punishment for those men.

The negro soldier who confessed is Boyd Conyers of Company B, now living at Monroe, Ga. His statement was obtained by William Lawson, a detective, who signed his name with an X.

Conyers' confession is the first made by a soldier regarding the midnight raid Aug. 13, 1906, in which one man was killed, the lieutenant of police wounded and several houses shot into.

Following is Conyers' story summary in Mr. Brown's report:

The rumors of trouble over the assignment of colored troops to Brownsburg were circulated before the troops left Fort Niobrara, and preparations were made among the men to "get even with the crackers," so the whites were called. Some cartridges were held out at range practice, but more enroute to Brownsburg. Pretense was made that they were given away at stations along the road. Some were, but a large number were secreted.

President Refuses Wife's Plea.

Washington, Dec. 11.—Mrs. Ada Gorman Magness, the daughter of the late Senator Gorman, whose husband was convicted of desertion from the navy and who was sentenced to a year's imprisonment at Portsmouth was denied a pardon by the president for her husband. Secretary Newberry reported adversely on the application and the president accepted his view.

Religious Fanatics Arraigned.

Kansas City, Mo., Dec. 12.—Friday James Sharp, his wife, Melissa Sharp, Mrs. Della Pratt and their follower William Engnell a 17-year-old boy, all members of the Adam God band of religious fanatics, were arraigned before a Justice of the peace, charged with first degree murder for the killing of Patrolman A. O. Dalbow, Tuesday afternoon. Their hearing was set for Saturday.

SHAFT TO MARTYRS

COLUMN MARKING TOMB OF SHIP PRISONERS DEDICATED.

Commemorates Horrors Endured by Captured American Soldiers—Movement Begun Ten Years Ago—Big Sum Raised.

New York.—Brooklyn had a big day recently when the ceremonies and celebration incident to the unveiling of the stately monument to the prison ship martyrs of the revolution took place at Fort Green park. Extra interest was lent to the occasion by the presence, among other notables, of W. H. Taft, who made his first public appearance in New York as William Howard Taft, president-elect of the United States. Mr. Taft some months ago accepted the invitation to deliver the oration of the day. Among other prominent men who took part in the ceremonies were Gov. Charles E. Hughes, Gen. Luke E. Wright, secretary of war; Mayor McClellan and Gen. Horatio C. King.

The celebration also was noteworthy from a military viewpoint, as there was a parade of several thousand men from both the army and navy. The parade was in charge of Maj. Gen. Charles F. Roe, Stephen V. White, president of the Prison Ship Martyrs Monument association, formally turned over the monument to Gen. Luke E. Wright, representing the war department. President-elect Taft then delivered the oration.

The dedication ceremonies mark the end and climax of a movement begun ten years ago by those who deemed the sufferings of the American men and soldiers imprisoned on the foul British prison ships during the war of the revolution in and around New York harbor should be commemorated fittingly. Popular subscription books were opened, but not much headway was made until the war department was prevailed upon to appropriate \$100,000 toward the erection of the contemplated monument. New York state followed with an appropriation of \$50,000, and the city with \$25,000. Twenty-five thousand dollars was then raised by popular subscription. This last amount was collected largely by the efforts of Mrs. Horatio C. King and Mrs. Stephen V. White, to whom

much credit is due. The corner-stone was laid two years ago.

The monument is one of the largest and most beautiful of the kind in America, being the last design of the gifted Stanford White. It is 200 feet high, built of Maine granite. It is in the form of a replica of a column from the Parthenon, rising on three large stone steps, or terraces, in pyramidal shape. Below the column is the opening to the crypt, in which are interred such remains of the 12,000 patriots who perished on board the prison ships as could be collected. The names of 8,000 of these martyrs were obtained from the revolutionary records of the war office in England, this being no small part of the labor of the association.

The prison ships mentioned were mostly anchored in Wallabout bay, off what is now Wallabout market, during the war of the revolution. They were old sugar-carrying ships, used in bringing sugar from the south to northern points, and were converted into prison ships by the British. On these old hulks the British authorities herded thousands of captured American soldiers who refused to take an oath of allegiance to England. The majority of these prisoners perished miserably and this monument is erected to commemorate the horrors they endured.

The American Woman. Who shall say which is the true American woman, the housekeeper of the Kansas farm, or of the Tennessee mountain cabin, or of the city flat? There is no composite of the American woman, who is least of all to be studied in Fifth avenue or Newport, or to be judged by the "stories" about her in the illustrated Sunday supplements. That she has her faults, wherever she be, is perfectly obvious, since she is but human. We are inclined to think that a serious and careful student would find the educated woman less interested in political questions than her sisters abroad. But, on the other hand, if there is a narrow-mindedness along these lines, where is her equal in charitable work? Where any others who merit such praise for maintaining the artistic and the refining influences of the home?—New York Evening Post.

VINOL CURES CHRONIC COUGHS, COLDS AND BRONCHITIS

After Other Remedies Fail

"I have been troubled with a chronic cold and bronchitis for a long time and have tried many remedies without finding relief. Through the kind suggestion of a friend I tried Vinol, and after taking four bottles, am entirely cured." A. H. Wilde, 733-8th Avenue, Minneapolis, Minn.

G. McDonald, 147 W. Congress St. Paul, Minn., writes: "I contracted a severe cold last winter and thought I would never get rid of it. I tried Vinol as a last resort, and it has completely cured me."

Vinol combines two world-famed tonics, the healing, medicinal properties of cod liver oil and tonic iron, deliciously palatable and agreeable to the weakest stomach. For this reason, Vinol is unequalled as a strength-builder for old people, delicate children, weak and run-down persons, after sickness and for Chronic Coughs, Colds and Bronchitis.

INDIAN WINS RACE

DORANDO COLLAPSED WITHIN SIGHT OF GOAL.

ITALIAN LED MOST OF THE TIME

Longboat Finished the Race Alone. Time for 26 Miles, 385 Yards Was 2:45:05.2-5.

New York, Dec. 16.—As on that glorious occasion of his first Olympiad Dorando Pietri collapsed within sight of the goal Tuesday night and Tom Longboat, the Indian runner who had been led by a yard or more nearly all the way, won the Marathon race at Madison Square Garden.

The race was hard fought from start to finish and kept the thousands of spectators in wild excitement. At twenty-five miles, Dorando was leading by two yards. A moment before

Longboat had made a remarkable spurt and put himself on an even footing with the little Italian. Dorando

immediately regained first position, and the men were fighting it out in the twenty-six miles with Dorando in the lead, but visibly weaker. The chances of Longboat appeared to improve in the second and third laps.

In the fourth lap, while the crowd was

cheering itself hoarse, both men slackened perceptibly. Then suddenly Dorando staggered and dropped. Longboat finished alone. His time for the 26 miles 385 yards was 2:45:05.2-5.

The men started away at a brisk clip, Dorando at once establishing a lead of nearly two yards. Longboat had won the pole position and pushed the other so hard in the first few

minutes of the race that at the end of

five miles, the Dorando-Hayes record for the distance had been beaten by

nearly a minute.

Later the men slowed up and for

many miles they kept the same

relative position in slower time. Then

Longboat spurted and repeated these

tactics until they had a plainly evident effect on the Italian. Dorando never

theless held his advantage until the

last lap of the fourteenth mile when

Longboat took the lead and increased

his pace a little. He finished the

fourteen miles one minute sixteen and

two-fifths seconds ahead of the Hayes-

Dorando record. Longboat's efforts,

however seemed spasmodic and

Dorando easily passed him in the

fifteenth mile.

Longboat showed signs of fatigue in the sixteenth mile but kept doggedly on within striking distance of the Italian.

In the twentieth mile Longboat shot ahead and dropped into a natural lop which kept him in the lead for five laps, then Dorando, amid wild cheers forged ahead.

Again in the twenty-third, Longboat made a sensational sprint and gained the lead. In the second lap of the twenty-fourth mile Dorando regained his advantage. Both men then moved more slowly and showed weakness. In the beginning of the twenty-sixth Longboat sprinted and the Italian went to the rear. In the middle of the mile, and when a quarter of a lap behind Dorando fell to the track and it was necessary to pick him up and carry him to his dressing room.

CONFESSES TO MURDER.

Young Naval Apprentice Tells of Killing Man for His Money.

Vallejo, Cal., Dec. 16.—Leo Stout, a young naval apprentice, who has been in the naval prison at the Mare Island navy yard, on suspicion of committing a murder and robbery in Pittsburgh November of last year, made a complete confession to the naval authorities Tuesday. According to the latter, Stout made a statement that he, in company with three others followed their victim from a street car at one o'clock in the morning, felled him to the ground with a blow on the head with a "black jack," beat him terribly and then robbed him. The young apprentice says he received \$73 as his share of the robbery. The confession will be forwarded to the Pittsburgh police and Stout will be held pending the receipt of instructions from the Pittsburgh authorities.

Woman Violated Prohibition Law. Leavenworth, Kan., Dec. 16.—In the district court here Tuesday acting Judge Dill sentenced Mrs. Katherine Karst to six months in the county jail and to pay a fine for violation of the prohibitory law. Mrs. Karst is the first woman in Kansas ever sentenced to jail under this law. She refused a parole to refrain from violating the law for two years.

Galesburg Has Big Fire. Galesburg, Ill., Dec. 16.—The four story Holmes office building was completely gutted by fire Tuesday night. The loss is estimated at about \$75,000.

Longboat forced to flee from the building in haste and many narrow escapes were recorded.

Senator Hansbrough improved. Minneapolis, Minn., Dec. 16.—Senator Hansbrough, of North Dakota who was obliged to stop here on his way to Washington, because of a severe illness, was reported slightly improved at Ashbury hospital Tuesday night.

"Ik Marvel" Dead.

New Haven, Conn., Dec. 16.—Donald Grant Mitchell ("Ik Marvel") died at his home in Edgewood Tuesday night.

Congressional Notes

The house Monday passed a bill placing an annual tax of \$100 on all dealers in cigarettes and cigarette papers in the district of Columbia. The measure was offered by Representative Mann, of Illinois, as an amendment to a bill imposing a tax of \$12 a year on all dealers handling manufactured tobacco products.

The setting aside of Feb. 12 next, by both branches of congress for the centennial observance of Lincoln's birthday is proposed in concurrent resolution introduced Monday by Senator Dick of Ohio.

While considering bills dealing with affairs in the District of Columbia the house Monday passed a measure providing for 85 cent gas in Washington. The bill now goes to the senate, as well as another bill abolishing "bucket shops" in the district. A bill providing for free lectures in the public schools was voted down.

An attempt by Representative Henry of Texas to obtain a change in the reference of a bill prohibiting the making of future contracts on agricultural products brought forth the promise from Chairman Scott of the agricultural committee, that his committee would soon grant hearings to farmers' unions and others on this subject.

Senator Burrows, chairman of the committee of primaries and elections Monday introduced a resolution providing that the two houses of congress shall assemble in the chamber of the house on Wednesday, February 10 to canvass the vote for president

and vice-president.

With recommendations for their passage, President Roosevelt Monday sent to congress drafts of two bills providing aid for the military departments of civil educational institutions. One authorizes the secretary of war to issue equipment stores and supplies, such as may be required for field instruction in such schools and the other appropriates \$100,000 annually for the promotion of rifle practice in public school, colleges, universities and civilian rifle clubs.

Representative Kehler of Ohio introduced a bill Friday providing that all officers and soldiers drawing pensions from the United States on account of the loss of an eye while in the military or naval services will have their pensions increased to \$24 per month.

A bill introduced by Representative Hawley of Oregon, authorizes the secretary of the interior to place on the pension roll under the same terms granted by law to officers and soldiers, of other Indian wars, the names of officers and soldiers of the Bannock war which occurred in Oregon and Washington in 1878 and 1879.

A new record in the transaction of the public business was established by the house of representatives Friday. The legislative, executive and judicial appropriation bill, which usually excites considerable discussion lasting for several days, was passed with little debate and practically in the shape in which it came from committee. An unusual feature was that no member asked for time to indulge in general talk. The facility with which the bill of 245 pages was put through was the subject of much comment on the floor and the members of the appropriations committee felicitated themselves on the outcome. The bill carries an appropriation \$31,665,320. The house immediately after convening unanimously and without debate adopted a resolution providing for the appointment of a committee of five to consider the references to the secret service in the president's message and to suggest what action if any should be taken in the matter.

Senator Burrows, chairman of the committee of primaries and elections Monday introduced a resolution providing that the two houses of congress shall assemble in the chamber of the house on Wednesday, February 10 to canvass the vote for president
